PRICE LIST....

OF

LINCOLN NURSERIES

NEWCASTLE, PLACER COUNTY,
CALIFORNIA.

GENERAL STOCK OF FRUIT TREES AND SMALL
FRUIT PLANTS, ORNAMENTALS, ETC.

Our trees are mostly grown at Lincoln, Cal., and are healthy, vigorous, well rooted and free from pests or disease.

TERMS—Cash with order. Remit by Bank Check on Sacramento or San Francisco or by Express or Postal Money Orders on Newcastle.

All kinds of nursery stock is scarce, and we advise the placing of early orders as prices are liable to advance at any time. Prices quoted are for quantities specified, but we will furnish 5 at the 10 rate, 50 at 100 rate and 500 at 1000 rate. Any mistakes in filling orders will be rectified if we are advised PROMPTLY. While we exercise the greatest diligence and care to have our stock true to label, it is mutually agreed between ourselves and the purchaser that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally charged for stock that proves untrue.

Fruits of Especial Merit.

New Peach—ADMIRAL DEWEY—A perfect freestone peach, embracing all the excellencies that it is possible to combine in a single variety. It ripens with Alexander. Is an early and abundant bearer, a vigorous grower and makes a shapely tree. A PERFECT FREESTONE with a very small pit. Flesh of uniform YELLOW color to the pit, and of excellent quality; regular form; color bright yellow ground, with lively red on the sun side. In size fully as large as Triumph, and is an excellent shipper. Origin same as Triumph, and will surely become the leading peach of the season. Our buds are obtained direct from the originator.

New Pear—ROSSNEY—The best and handsomest pear yet produced. Hardy and productive; ripens two weeks after Bartlett; strong grower. Luther Burbank, the noted horticulturist, says: "The large size, handsome form, creamy yellow skin with crimson blush, gives the fruit a tempting appearance; and the tender, creamy flesh of just the right texture, with no hard spots and an unusually small core, with its superior flavor, makes it about the best pear so far seen."

New Plum—CLIMAX—Burbank's grandest new plum. Fruit heart shaped; AS LARGE AS WICKSON AND MORE HIGHLY COLORED; so fragrant that a whole house is perfumed with a single fruit. Ripens before any other good plum. Tree extremely vigorous; rather upright with strong branches, prominent buds and very large leaves—the picture of hearty vigor. PRODUCTIVE as Burbank; about four or five times as large, two or three weeks earlier and very much more highly colored. The most wonderful plum ever grown.

Climax Plum, dormant buds.....	\$.75	\$5.00	
For description of this magnificent plum see first page of cover			
Sultan Plum, dormant buds.....	\$.35	\$2.50	

Huge oval, deep purplish crimson, beautifully clouded and shaded with light pink, salmon and light yellow; remarkably firm and solid. Exceedingly productive, and ripens a week before Burbank.

	EACH	10	100
Apple Plum, dormant buds.....	\$.50	\$3.00	\$20.00
The largest plum we have ever seen, resembling an apple in size, markings and general appearance. It is a very heavy bearer and fruits young. This plum must prove a very valuable market sort.			

	EACH	
Bartlett Plum, dormant buds.....	\$.25	
In quality, flavor and fragrance exactly like the Bartlett pear. An early bearer and productive.		

	EACH	
Shiro Plum, dormant buds.....	\$.25	
Fruits in the utmost profusion. Medium to large. Very uniform in size. Clear, light yellow, and so transparent that the pit can be seen through the flesh, which is firm yet juicy. Ripens two weeks before Burbank and is nearly or quite as productive. The fruit will keep in good condition for at least a month.		

The foregoing are among Burbank's most valuable new creations.
